The race committee reserves the right to alter the schedule and make verbal changes to the Sailing Instructions as necessary.

Course Area: Racing will take place in the tidal water off the Cambridge Yacht Club. Unless you fall off the dock, this should be a dry launch location.

Fleet Management: The race management system to be used will be determined based on fleet size and local conditions.

Scoring The Low Point Scoring System of Appendix A will apply.

- Race Course:** The preferred course will be a two lap windward/leeward course.
- Starts:** The start tape will be 2 minutes in length. Boats are competing at the 1 minute mark.
- Only the RD may call a boat over early (On the Course Side-OCS). Any boat found OCS must round either end of the start line and restart. A boat found OCS that does not return will be scored DNS.
- Penalty Turns:** A penalty turn will be a 360 degree turn. In accordance with current rules, you shall continue to do turns until any advantage gained is lost. If you cause a boat to retire, you shall retire also.
- Throwouts:** One throw out for the regatta after three races.
- Holds:** A skipper may request a 5 minute hold BEFORE the one-minute mark of the start sequence. Only one 5 minute hold per boat per day is allowed.
- Awards:** Trophies will be awarded after racing to the top five (5) finishers.
